

# **A numbat is not a wombat**

## **Art contest for children and teenagers**

'A numbat is not a wombat.' This is the title of our upcoming art exhibition by Project Numbat Incorporated from 5 January to 8 February 2015 at Little Creatures in Fremantle. All children and teenagers aged 3 to 18 can now join a unique art contest to have their work on display at Little Creatures. The exhibition will also feature 36 works by Australian artists that will be sold to raise money for Project Numbat Incorporated.

The central theme of our art exhibition and art contest is the protection of the numbat from extinction. The artworks can depict the numbat, its natural habitat, its threats or its survival. For more inspiration and information you can have a look at the website of Project Numbat Incorporated at [www.numbat.org.au](http://www.numbat.org.au) or like us on Facebook.

Project Numbat Incorporated wants to create community awareness and involvement in the conservation of Western Australia's unique mammal emblem.

Our exhibition is a unique opportunity to get your creative juices flowing. There are four age groups for the contest: 3-5 years, 6-8 years, 9-12 years and 13-18 years. The winning artworks will be on display during the art exhibition at Little Creatures.

To participate in our art contest, please fill in the form on the next page and send it to us with your piece of art on A4 format. We look forward to seeing your art and we hope we can welcome you at our exhibition!

Good luck everybody!
